Testimonials

“

Thank you all so much for making yesterday's event such a fantastic success. It was clear to see that the children, young people, carers and many others had a great time and the comments about the venue, food and activities were extremely positive.

My team were so impressed with all of it and in particular how lovely all the staff were to the guests. We are always a bit cautious when our young people are in a large space with lots of other people because they can at times be unpredictable when in new surroundings, but it is testament to the lovely atmosphere you created that they were all calm and focused on eating and having fun! The presentation part was lovely and I can't thank you enough for adding those extra touches with the bunting and flowers. (I am also very grateful for the soya milk - a couple of cups of tea along the way was just what I needed!)

I really do hope that I can find a reason to book an event with you in the future. In the meantime, thank you again and I wish you all every success with all that you do - you do it so well!

Testimonials

“

A huge thank you to the team at Winkworth Farm for an amazing and successful vehicle launch event. We were looking for a venue that was different and suitable for showcasing an authentic 4x4 pick-up truck - Winkworth didn't disappoint. It was clear that it would lend itself perfectly to what we had planned and the team couldn't have been more helpful in ensuring that our event went off without a hitch. The team welcomed 250 guests over a 2 week period providing excellent service, high quality catering beautiful surroundings - nothing was too much trouble. Furthermore, the feedback from our dealers, journalist colleagues, direct customers and other associates has been superb. We couldn't have been happier or recommend highly enough - thanks Winkworth Farm.
